Community Notice

Thursday July 31st

It has been reported that two vehicles, one on Hunter Lane and one on the south end of Laurel Drive, were broken into sometime last night. As this notice is being prepared sheriff's deputies and forensics technicians are onsite investigating both incidents.

We have little information at this time but it is believed that the vehicles may have been left unlocked.

REMINDER: any unattended vehicle should always be locked even if it is parked in your driveway. Valuables should never be left in plain sight in parked vehicles.
