

July 9th, 2008

IMPORTANT NOTICE

The pavers replacement project at the front gate is scheduled to begin Monday July 14th. We expect the project to last 3-4 weeks depending upon weather conditions.

During construction traffic entering and exiting the Bayou Club on Belcher Road will be limited to one lane in each direction. Residents are urged to use the west (back) gates as much as possible during construction to minimize congestion and inconvenience.

Starting Monday July 14th the west (back) gate exit side only will be set to accommodate all vehicles and will not require a barcode. We ask your cooperation and request you to direct your visitors; service personnel and contractors to exit the property by the back gate.

The Association will require all trucks, commercial vehicles, vendors etc to exit the back gate commencing Monday July 14th through the duration of the project.
